The information for each plan is approximate and not guaranteed. **The standard setup fee doesn't include cost of wire burial.** Detailed information about all of our plans is available on our website or by contacting us via phone/email. In the event that we design and create a custom plan to meet your needs, it will be written on your contract and will need to be selected. 50% of the setup cost of that plan will need to be paid before the work begins, and the remainder will be due upon completion of the work.

By signing this contract you agree to the terms of service and to the acceptable use policy listed elsewhere in this agreement. You also agree to be responsible for the equipment provided. If the equipment provided is not returned on discontinuation of service, you will be billed the replacement value of the items not returned or damaged.

It is understood that the equipment leased or used by the customer is the sole property of Fourway Computer Products, Inc (Fourway). In the event that Fourway has to retain an attorney that is not our salaried employee, to obtain possession of its property or to collect any monies owed under this contract; the customer agrees to pay the reasonable attorney fee charged by that attorney as well as any court costs. Fourway or its representatives are authorized to remove equipment provided upon termination of service.

Terms of Service: This agreement shall be for 1 year from the date of service activation. The agreement will extend for 1 month at a time after the first year. The customer has the option to cancel the contract anytime within the first 30 days of service. Fourway shall not be liable for any loss of service except for the amount charged to the customer.
